

NEW CAST FOR 'ISLE OF SPICE' NEXT WEEK

Summer Shows Draw Large Audiences at All the Theatres.

OUTDOOR SHOWS POPULAR

Next week will see practically a new cast in "The Isle of Spice," at the Globe Theatre, as there are to be at least five changes. Some very clever people have been engaged and have been actively rehearsing for the past two weeks, so that a greatly improved performance may be looked for. Alexander Clark will play the king, Gilbert Grogan, and Herbert Cawthorne the two allies, John Gilroy, Tarr and Noble Forester, Adams. In addition the chorus is to be greatly increased in size.

TRIMONT THEATRE—There seems to be no abatement in the popular interest in "Woodland," for the audiences at the Tremont Theatre continue as large as ever, although the opera is now in its twelfth week. Next Wednesday evening will be the last performance, and to every woman holding a coupon for a reserved seat on the lower floor and in the first balcony a free ransy bird in a cage will be presented. "Woodland" is as bright as ever, and deserves the success it has won.

KEITH'S THEATRE—Weather conditions have not little effect on the side of the audiences at Keith's Theatre, where the attendance is about as large as in the winter months. The spirit of entertainment offered at this house is a very popular one, and the standard of performance is always kept at a high mark. The bill this week is one of the best of the season, and offers the last opportunity of seeing Mr. Latture and Heath in vaudeville.

CARTER SQUARE THEATRE—"Dr. Jekyll and Mr. Hyde" is proving a strong attraction at the Carter Square Theatre, and is drawing large audiences to this popular playhouse. There have already been four performances, and the success of the play is so marked that it is expected to run for some time. The play is a dramatic form of the story of the famous doctor, and is a very admirable performance. The title role is played by Mr. J. H. Carter, who is a very creditable one. "Captives" will be the last week.

BOWDOIN SQUARE THEATRE—"The Prince of the Dumbbell Theatre" is receiving much favor for the presentation of "Dr. Jekyll and Mr. Hyde," for the same company, and it is generally regarded as one of the most worthy plays of the season. The play is a dramatic form of the story of the famous doctor, and is a very admirable performance. The title role is played by Mr. J. H. Carter, who is a very creditable one. "Captives" will be the last week.

PALACE THEATRE—Two lucky butlers and an entertaining clown form a bill at the Palace Theatre. This week the performance by the stock company is full of merriment and fun, and the people appear in the city are among the best in the city.

ARTIST'S STONE MUSEUM—Billy Watson, the famous artist, is presenting a winning lot of paintings at Austin's Museum. As well as his own work, he is exhibiting a number of paintings by other artists, and is regarded with much favor by the patrons of the museum.

NICKELADEON—Arizona Jack and his company of contortionists are giving the Nickeladeon this week. The show is a very entertaining one, and is regarded with much favor by the patrons of the museum.

LOVERLEF HER; KILLS HERSELF

Special to the Boston American.

PROVIDENCE, R. I., July 14.—Hearst's over the description of her beautiful lover, Anita Carlson, a pretty domestic in employ of the Washington & Black Sea, 725 Broad street, committed suicide last night by turning on the gas in her sleeping room and carefully closing the windows and doors. She was found lying on her bed and unconscious, with cyanide pills in her hand. A friend named Ellen Nygren received a letter, mailed last night, saying: "I am tired of life. When you receive this I shall be dead."

AUTOMOBILES IN MOUNTAIN TOUR

THIS MACHINE CLIMBED MOUNTAIN IN LESS THAN HALF AN HOUR.

F. E. Ranley, of Newton, whose six-horse power gasoline motor made such climbing contest at Mount Washington, and the machine are shown here with Mr. Stanley in the bearded man holding the trophy.

Dainty Little Machine Which Climbed Mt. Washington in 28 Minutes, on Long Trip.

Twenty Machines Started to-day on Junt through the New Hampshire Mountains.

SUMMIT HOUSE, MOUNT WASHINGTON, N. H., July 14.—Twenty automobiles, including six, gasoline and electric vehicles, started early today for a thirty-five mile tour through the mountains. The machines followed widely in make and size, ranging from the six-horse power Stanley, which on Tuesday ascended Mount Washington in less than half an hour, to the big forty-horse power car driven by Mr. Brown, of New York, which went up the mountain in thirty-one minutes.

The route for today lay through Whitcomb, Lancaster, Littleton, Franconia and DeLacour, and Governor Jordan of New Hampshire were expected to join the tour.

While there is no competition in today's event, as official observer companions the party to have the behavior of each machine will be reported at the association under whose direction this week's event is being held. Every one participating in the tour, however, will receive a trophy, and the same rule will hold to govern when the run of thirty-five miles around the Presidential range will be made.

The towns along the route were decorated with flags and the residents turned out to see the race.

CHURCH BLOCKS KNAPP NUPTIALS

LONDON, July 14.—The marriage of Lord Bateman and Mrs. Henry C. Knapp of New York, which was planned for this week, has been postponed owing to the difficulties in securing a suitable marriage license. Since the wedding of William K. Vanderbilt and Mrs. Butlerford, and the adverse criticism elicited thereby, the Archbishop of Canterbury is reluctant in great measure. He is now conducting an exhaustive inquiry in ascertain whether there is any ecclesiastical impediment in the marriage of Lord Bateman.

When the license is issued the marriage will probably occur a day later at St. George's in Hanover square.

WOMEN CHEFS FOR NEWPORT

Special to the Boston American.

NEWPORT, R. I., July 14.—We have been declared on the French chefs in the cottage colony in view of their independence, their respective salaries and the many assistants they require to wait upon them. Their cooking school, too, is against the present day of the women who are doing every possible thing to reduce their weight, and women cooks are taking their places. Mrs. Maynard Fish is without a chef, having a woman cook at Crossways who is giving satisfaction.

2 MEN IN DORY LOST IN A FOG

Fishing Schooner Ida Brooks's Captain Hopas Sailors Are Alive.

RESCUE BY PASSING SHIP

The fishing schooner Ida Brooks arrived at 7 wharf today with her flag at half-mast, and Captain John Brooks reported that two of his crew, Manuel Dominguez and Antonio Nunez, left the vessel in a dory Monday night and were lost in the fog. The schooner was about forty miles southeast of Chatham and the two men went out in a dory about midnight to get out the trawl. Shortly after this, a dense fog settled down over the water and those on the schooner lost sight of the dory.

Morning came, but the men did not return. The schooner resumed cruising about the vicinity until 4 o'clock yesterday afternoon, then sailed for Boston. Captain Brooks thinks the men may have been picked up by a passing vessel. Both were married and lived in Gloucester, and were brought in a lead of about 25,000 pounds of mixed fish.

BOSTON SUNDAY AMERICAN'S GREAT COMIC SUPPLEMENT.

Boston can now boast of the very best comic artists' work in the world. Their drawings are printed exclusively in the BOSTON SUNDAY AMERICAN in a four-page colored supplement. Don't miss it. Order the paper in advance from your newsdealer.

A Matter of Time.

That's our case exactly. It's not the cost of the goods nor the price at which we are closing this stock out, it's the short time we've got to do it in that's bothering us now; ONLY 18 DAYS MORE and hundreds of our very best Suits, Coat Suits, Winter Overcoats and Rain Coats still to be sold. We have shortened up the price ALL THROUGH THE STORE for a big business this week's end. It's either sell to you or ship the stock to some auction when the extension of time on our lease expires—July 30th. We'd rather sell to you.

We can't get down to any of those "Yellow" methods that some stores resort to to get you in. We tell you plainly and honestly just the situation we are placed in. WE WANT TO SELL this entire stock at some price in the next 18 days and no half REASONABLE OFFER will be refused for any Suit, Overcoat, Rain Coat, Boy's Suit, or any article in the store from now till our last day here—July 30th.

The opportunity of a lifetime to get the class of goods we sell for practically your own price. It will pay you to look in here the next two weeks.

[illegible]

STINSON WILL BE THIRD MAN

Bill Elliott will be the third man in the three-cornered twenty-five mile motor race on the new quarter track Saturday night, and takes the place of Caldwell, who will no longer ride again for some time.

By putting Speedy's promises another week, he has given him and Nat Butler, who is the favorite, a chance to get a little more practice. Hugh MacLean loomed up as a big man at every stage of the game.

There had been a question as to the Big Cam's ability to reach top speed, but that was noticeable when he was coping the turns. He will be a real contender.

Butler will lead him by a wheel late in the race, and the crowd expects matters Tuesday night by beating the "vet" half a lap.

THE CLOCK PROBLEM

Have You Tried It? If Not, Now Is the Time to Get the Answer.

All New England Is Puzzling Over the Figures—Answers Widely Different.

WHAT time was it when the old clock struck one? Was it during the dark of the night when the sun was away around on the other side of the world, or was it in broad daylight?

It is an interesting question, and there is a fascination about the working out of the problem. Have you tried it? If not, try it now. And when you got the answer, mail it to the Clock Problem Editor, BOSTON AMERICAN.

Using to the large number of answers received, the Clock Problem Editor has been working overtime during the past week.

If you want to compare the answers obtained by others with your own, do not fail to read every one of these letters. Perhaps you will find the right answer among them.

Here are some of the answers:

FINDS IT "DEAD BE"

Editor BOSTON AMERICAN: Your puzzle was dead B. E., but your clock struck 1 at 12.50. I am not sure of anything. N. H. O. HOWE (Wash. D. C.).

IT WAS 12 P. M.

Editor BOSTON AMERICAN: It was 12 o'clock, noon. N. N. BARRETT.

GET THE CLOCK FIXED.

Editor BOSTON AMERICAN: It certainly was time for the sun to be up, but it was 12 o'clock, noon. A. L. WOOD.

SEN NOT UP YET.

Editor BOSTON AMERICAN: When the clock struck 11 the hands pointed to 11 and 12. It was 11 o'clock, noon. J. H. BROWN.

TOO EARLY FOR THE SUN.

Editor BOSTON AMERICAN: When the clock struck 1 the right time was 5.30. It was 5.30 o'clock, noon. J. M. M.

8.30 A. M. AND DARK.

Editor BOSTON AMERICAN: It would be 8.30 A. M. when the clock struck 1.

HERE IS THE GREAT CLOCK PROBLEM—WHO CAN SOLVE IT?

Copyright, 1904, by American-Journal-Examiner.

ON THE MORNING OF DECEMBER 23, 1903, AN OLD CLOCK, WHICH WAS A FINE TIME-KEEPER, STRUCK 11 WHILE THE HANDS WERE POINTING TO EXACTLY 7 O'CLOCK. JUST AS THE CLOCK STRUCK 3 IT STOPPED, HAVING RUN DOWN. IT WAS WOUND UP AND STARTED AGAIN AT PRECISELY 7:30 O'CLOCK IN THE EVENING. THE NEXT TIME IT STRUCK 1 WHAT HOUR WAS IT, AND WAS IT TIME FOR THE SUN TO BE UP?

Please write out your solution to-day and address it to Clock Problem Editor, BOSTON AMERICAN, 80-82 Summer Street.

9 O'CLOCK IN THE MORNING.

Editor BOSTON AMERICAN: When the clock struck 1 the hands pointed to 9 o'clock, and it was morning. P. W. HARRIS.

Chronic Sores

Eating Ulcers
A Constant Drain Upon the System.

Nothing is a source of so much trouble as a sore or ulcer, particularly when it is upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissues beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple, and are a threatening danger always, because while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic, slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so unsightly.

Wheeler, W. Va., May 29, 1903.
I have been suffering from a chronic sore on my leg for many years, and it has been a constant source of trouble and pain. I have tried many remedies, but nothing has done me any good. I have been told that I have cancer, and I am very much distressed. I have been told that I have cancer, and I am very much distressed. I have been told that I have cancer, and I am very much distressed.
